4. Marks will be awarded for good presentation, clarity of expression and independent work.

Lecturer: Richard Owusu

Index Number: _____ Signature: _____ Date: _____

ANSWER TWO QUESTIONS

1. (a) Distinguish between an innovation and an invention. Give 4 examples in Africa stating the country of origin.
(b) Discuss the contribution to health care delivery in Ghana of any two Ghanaian scientific invention/innovation.
2. Identify and discuss five considerations in funding to support science and technology and science and technology education.
3. (a) Define who a scientific literate person is.
(b) Identify three (3) scientists in Ghana and discuss their contribution to science or technology.
4. Identify five main constraints to the proper procurement and use of scientific equipment in developing countries and outline measures to control these constraints.

Good Luck

R. Owusu
